Academy of the Canyons (AOC) Middle College High School is a public alternative to the comprehensive high schools in the William S. Hart Union High School District. Our unique educational experience fosters academic and personal success in the high school and college environments. We are committed to effective classroom instruction, rigorous curricula, and quality relationships between staff, students, parents, and our college partner. Our students take classes at AOC and at College of the Canyons Community College to meet their personalized educational goals, including high school graduation, college freshmen admission, college transfer, an associate degree, and career certification. On average, students complete one year of transferable college level courses and have the opportunity to earn an associate degree by high school graduation.

The 2019-20 Application Process Begins Now!

ALL interested students and parents must attend an AOC Information Night to learn about the school and application process.
